Microsoft DreamSpark Attribute Information

For granting access to users to download software products from Microsoft DreamSpark site, the DreamSpark SP needs at least one of the following from our trusted Shibboleth Identity Providers:

- Name identifier assertion subject
- Built-in header Shib-IdentityProvider-Name

Additionally (optional), we recommend (for preventing piracy and providing better user experience) Identity Providers to kindly release the following attributes as well:

- eduPersonScopedAffilation OR eduPersonAffiliation OR eduPersonUnscopedAffiliation
- eduPersonPrincipalName OR eduPersonTargetedID

Please note that our policies are likely to change over time. Therefore, please visit this page often for any updated policy requirements.
