1. Introduction

1-1. Purpose of These Manuals

The Certificate Issue Web Site Manuals ('The Manuals', hereinafter) describe how to retrieve the Certificate,
issued by the UPKI Digital Certificate Issuing Service ('This Service', hereinafter), in Microsoft Internet Explorer and Mozilla Firefox environments.

1-2. Scope of This Document

The following operations are described.

Manual name	Description
Certificate Issue Web Site Manuals	1. Setting the Browser 2. Retrieving the Certificate

1-3. Operating Environment

The following table lists the environment with which the operation on this system has been confirmed.

Browser
Microsoft Internet Explorer 11 or later Mozilla Firefox ESR68 only

The following are the prerequisites for downloading certificates.
・ JavaScript is enabled in the web browser settings.
・ ActiveX is enabled in the Internet Explorer settings.
・ Trusted sites are specified in the Internet Explorer settings.
・ The Compatibility View settings are used in the Internet Explorer settings.
Note: For how to set up each browser for these settings, see [2. Setting the Browser].
