# Each Block on a Project's Main Screen

Wiki

This is a block for Wiki pages about a project. You can edit the Wiki.

Files

You can upload/download files related to a project here.

Citation

You can register the format for citing a project in other papers.

Components

You can create hierarchical relationships to a project. Please register child projects from the Components.

Tags

If you add tags, you can make a project searchable by the tags.

Recent activity

You can view/search the operations performed by each contributor of a project.
