

Configuring a Project

Click 'Settings' on the navigation bar at the top of the project's main screen to move to the project configuration management screen. After completing the configuration, click the green 'Save changes' button to change the project settings.

The screenshot shows the 'Project Settings' page in GUDM. The navigation bar at the top includes 'Home', 'Help', 'Contributors', 'Helpdesk', 'Settings', and 'Timestamp'. The left sidebar contains links for 'Project', 'Access Requests', 'Wiki', 'Commenting', 'Email Notifications', 'Related Links', and 'Project Affiliation / Branding'. The main content area is titled 'Project' and includes a 'Category' dropdown set to 'Project', a 'Title' field with the value 'マニュアル作成プロジェクト', and a 'Description' field with the text 'これはGUDMマニュアル作成用のサンプルプロジェクトです。'. Below these fields is a 'Select Timestamp Function' dropdown set to 'Timestamp only'. At the bottom, there are 'Cancel' and 'Save changes' buttons, and a red 'Delete project' button with a warning message: 'A project cannot be deleted if it has any components within it. To delete a parent project, you must first delete all child components by visiting their settings pages.'

Registering a Category

You can select the project category from the 'Category:' field.

The screenshot shows the 'Project' category selection dropdown menu. The menu is open, displaying a list of categories: 'Analysis', 'Communication', 'Data', 'Hypothesis', 'Instrumentation', 'Methods and Measures', 'Procedure', 'Project', 'Software', 'Other', and 'Uncategorized'. The 'Project' category is currently selected.

Changing a Project Name

Please enter the new project name in the 'Title:' field. After completing the configuration, click the green 'Save changes' button to change the project settings.

The screenshot shows the 'Project Settings' page with the 'Title' field updated to 'マニュアル作成プロジェクト'. The 'Category' dropdown is set to 'Other'. The 'Description' field contains the text 'これはGUDMマニュアル作成用のサンプルプロジェクトです。'. The 'Select Timestamp Function' dropdown is set to 'Timestamp only'. The 'Cancel' and 'Save changes' buttons are visible at the bottom.

Registering a Project Description

Please enter a description of the project in the 'Description:' field.

After completing the configuration, click the green 'Save changes' button to change the project settings.

The image shows a 'Project' configuration window. It has a title bar 'Project'. Inside, there's a section 'Category: (for descriptive purposes)' with a dropdown menu showing 'Other'. Below that is a 'Title:' label followed by a text input field containing 'マニュアル作成用プロジェクト'. Then, a 'Description:' label followed by a larger text input field containing 'これはGIMPでマニュアル作成用のサンプルプロジェクトです。'. At the bottom, there's a 'Select Timestamp Function:' label with a dropdown menu showing 'Timestamp only'. At the very bottom are two buttons: 'Cancel' and 'Save changes'.

Selecting a Timestamp Function

Currently, you can select 'Timestamp only'.
